# RACHAEL OLUWATOBILOBA ODEJOBI

---

## SUMMARY

As a Computer Science undergraduate, I aim to leverage my experience to enhance organizational performance and drive corporate goal achievement. I excel at developing and implementing improvement strategies that boost performance across various areas. I'm confident in building strong client relationships and fostering beneficial internal and external partnerships. I seek a challenging role in an organization that values morals, equity, and hard work, offering opportunities for professional growth and skill development. As a product-oriented front-end developer, I am eager to solve real-world problems, build innovative solutions, and make a global impact.

## SKILLS

- Designing, Creating and Modifying Static Web pages Following HTML5 specifications
- Creating and Deploying Interactive and Mobile-Friendly Applications using HTML, CSS, JavaScript
- Collaborating with Back-end Developers on Databases and chosen Architecture, using Tools like Git and GitHub
- Analysing the Client-Side Performance of a Webpage to Improve the Consumer Experience
- Testing and Debugging
- Responsive Design
- Problem-solving, effective communication, capacity building, corporate effectiveness Development
